	8.4 Directors are to verify their Identity with Companies House. PK and AMac are experiencing issues.	ALL	<input type="checkbox"/>
	MM asked for the Actions of previous minutes and any agenda items for CS to be listed first going forward so that she does not need to be present for the whole meeting.	BL	<input type="checkbox"/>
4.	MANAGEMENT REPORT		
	<p>4.1 GP told the board that newly appointed groundsman is starting on Monday 10th November.</p> <p>4.2.1 GP explained the management report.</p> <p>4.2.2 The swales on Zone 4 (Barratt David Wilson) are too deep for The Trust's groundsmen to maintain. GP explained that an agreement between BDW and The Trust's previous manager was for BDW to pipe and fill them. BDW have cleared the swales and it is hoped that this is a sign that the works will soon begin. GP Shared the plan of the proposed works supplied by BDW</p> <p>4.2.3 It was noted by MM that there is rarely water in the swales. GP explained that this is mainly due to a blockage near the bypass which Tilia Homes are due to clear.</p> <p>4.3.1 NE asked about the restriction on caravans and commercial vehicles. GP explained that following legal advice given to the previous manager, the restriction regarding commercial vehicles was unpoliceable. GP gave examples of how commercial vehicles were parked on the development without breaching the restriction. He stated that the restriction firmly covers caravans and the Trust can take action if the issue is brought to their attention</p> <p>4.3.2 NE and KE asked could there be a polite reminder for residents on The Trust website to park more respectfully. Parking close to junctions or on roundabouts is not safe.</p> <p>ACTION: AMac/GP</p> <p>4.4 GP informed the Board that the issue with Zone 10b hoggin path that came to a sudden stop at the ditch, has now been piped and filled to allow access beyond.</p> <p>4.5.1 A request from a resident for Elsea Park Community Trust to lobby LCC regarding the part night lighting has been received as part of the AGM questions.</p> <p>4.5.2 It was expressed to the Board by GP that a survey had taken place in 2016 when part night lighting was introduced, the result of which was not in favour of paying for part night lighting to be converted back to full night lighting.</p> <p>4.5.3 It was also expressed by GP that statistics data evidenced that the part night lighting had been found to deter burglaries and car crime.</p>		

	<p>4.5.4 The resident had referred to part 3.1.6 of The Trusts articles of association that the Trust should Lobby LCC for numerous facts and figures regarding the energy savings and CO2 emission savings based on the development only and the legality of use of part night lighting.</p> <p>4.5.5 A decision to pass on the Resident's concerns via email to LCC was made.</p> <p>ACTION: GP</p> <p>4.6.1 There is a concern about delays regarding provision of a crossing on West Road on the exit from the development which is urgently required to ensure the safe crossing of pedestrians. This is not a Trust responsibility but there is a small amount in a green fund which can no longer be used for the purpose it was granted.</p> <p>4.6.2 Permission is to be given in writing before it can be spent elsewhere but a verbal agreement had been given to use the funds for other green purposes. GP/MM to obtain written consent to use the Green Fund Grant on other Green projects.</p> <p>ACTION: GP/MM</p> <p>4.6.3 There are two main options, to improve the quality of the footpath to Manor Lane in conjunction with LCC and SKDC or assist funding towards a crossing on West Road.</p> <p>4.6.4 BDW have installed a footpath through towards Harvey Close to the edge of their boundary. This leaves approximately 10-15 metres of land which will eventually be transferred to The Trust from the original landowner. This will require the remaining footpath to be laid by them prior to transfer.</p> <p>4.6.5 It is not expected for the land to be transferred to The Trust until BDW have completed building in 2028 as this is where their compound is sited. There is no timeline for the transfer.</p> <p>4.6.6 LCC had put aside £65,000 for installation of a pelican crossing on West Road, unfortunately the cost of which has risen to £200,000 so LCC have used the funds elsewhere.</p> <p>4.6.7 GP is to work out costs for the options and come back to the board with his findings to decide how to best use the Green Fund money.</p> <p>ACTION: GP</p> <p>4.7 Due to the cancellation of a meeting with Tilia Homes yesterday there was no update given regarding the AGP drainage issues.</p>
5.	NEW BUILD UPDATE
	5.1 GP showed 'stages of progress' pictures to The Board of the new build.
6.	DEVELOPER'S UPDATE
	6.1 CS explained to The Board that there will be no update, due to things needing to be discussed in a meeting. Yesterdays cancelled meeting is hoped to be rescheduled for 20 th November.
7.	FINANCE REPORT
	<p>7.1 BL sent the finance reports to the Board prior to the meeting.</p> <p>7.2 GP informed The Board that the budget has been amended due to the change in circumstances of the AGP.</p>

	<p>7.3.1 ES gave an update on debtors. There are only eight accounts which have now progressed to court action, 24 other accounts are now on payment arrangements and being closely monitored.</p> <p>7.3.2 GP went on to explain that there are three debtors (included in the eight accounts which have progressed to court action) which owe large sums. One of which is proving troublesome but when the property is sold or changes names the debt will be recovered.</p> <p>7.4.1 At the last board meeting SF expressed to The Board that a financial advisor could help with the investments. GP explained to SF that The Trust do not have investments only savings accounts.</p> <p>7.4.2 GP asked SF if his financial advisor knows of any commercial investment platforms that The Trust could use as one of the main issues with savings accounts is the signatures required. SF suggested that GP contacted his financial advisor directly to have a discussion regarding this.</p> <p>ACTION: GP</p> <p>7.5 NE asked if there was a Financial Procedures Policy in place. GP explained there is a policy in place which is due to be updated. MM and GP are to get together and update the financial policy.</p> <p>ACTION: GP/MM</p>
8.	<p>DIRECTORS' ITEMS</p> <p>8.1.1 PK is experiencing issues with the ID verification due to not having a driving licence or passport. GP is guiding PK.</p> <p>8.1.2 AMac is also experiencing issues due to an incorrect date of birth registration at Companies House.</p> <p>8.2 Articles of Association – this was discussed earlier at point 4.5.1/2</p> <p>8.3 Vice Chair, NE has agreed to step up to Vice Chair once he has arranged for a replacement Bourne Town Council Representative which he hopes will be arranged in a meeting on 16th December.</p> <p>8.4 Directors Resignation. Dan Brownes resignation has been accepted as he no longer represents the developers' and he is not a resident.</p> <p>8.5 NE asked if it is possible to amend the Articles of Association. GP replied that it is possible but would not recommend changing anything until all land transfers to The Trust have completed.</p>
9.	<p>AOB</p> <p>9.1.1 The date of the next AGM was confirmed as 14th October 2026 at 7pm.</p> <p>9.1.2 The directors' confirmed 24th December 2026 is a concession day given to staff.</p> <p>9.2. NE has very kindly agreed to deliver the Wreath for Remembrance Sunday on behalf of Elsea Park Community Trust.</p>
10.	<p>DATE OF NEXT MEETING</p> <p>10.1 The date of the next meeting will be 4th December 2025 being the last meeting until February 2026.</p> <p>10.2 There being no further business, the meeting closed at 19:30 hrs.</p>

Manager's Report – November 2025

Administration Department

The phone system provider that took over in October 2024 has not met the service expectations. Following multiple meetings with alternative providers, The Trust's new provider will go live on 3rd November. Early trials show promising results, particularly in terms of integration with The Trust's accounting and administrative systems.

The Centre

Extension Works – Progress Summary

Progress has been slower than anticipated due to additional work required on the steel framework. As a result, the roofing schedule has had to be adjusted to align with contractor availability.

Weekend Hires

Weekend bookings remain exceptionally busy, with only three slots available between now and Christmas.

Grounds

Quayside West & East

- The Trust is awaiting delivery of a sample mild steel-framed planter with hardwood cladding which if suitable will be purchased for the trees to be planted in.
- A planning enquiry has been submitted to SKDC to confirm whether permission is needed, given that the planters are movable via forklift.
- Unfortunately, the fountains continue to experience issues, with a new water leak under investigation. The Trust are assessing whether a lower-capacity pump could resolve the issue. (Note: The current pump was supplied by Tilia Homes Ltd and not purchased by the Trust.)

New Team Member

Following a successful recruitment campaign, a new Assistant Grounds Person will join the team on Monday 8th November.

Play Parks

Elsea Park Way Play Park

- A refurbishment order has been placed, including replacement of the playhouse.

Great Leighs Play Park

- The pedestrian gate has been replaced and railings have been securely fixed.

Market Rasen Play Park

- One of the two pedestrian gates has been replaced.

Developer Updates

Barratt David Wilson – Zone 8

- Repairs and replacements of hoggin paths are ongoing.

Barratt David Wilson – Zone 4

- After several years, BDW has provided a plan for addressing the swales on Haydock Park Drive. Although no start date has been confirmed, BDW has agreed to pipe and fill the area to meet The Trust's adoptable standards.

Bellway – Zone 7

- The replacement Bridge 234 lectern has been installed.
- The Trust remains hopeful that Part One of Zone 7 will be transferred before Christmas.

Alison Homes – Zones 10A & 10B

- The LAP has been removed following agreement that the location was unsuitable for a play park.
- Overgrown areas at the entrance to Zone 10B (Welland Drive) have been cleared. Preparations are underway to transfer the public open space to the Trust next year.

Artificial Grass Pitch (AGP)

Drainage Works

- A meeting with Tilia Homes Ltd is scheduled for Wednesday 4th November to discuss updates on outstanding surface water drainage work.
